

Assel's policy is to deliver the best in class, competitive services in a timely manner to fulfil our customers' needs and expectations and even exceed them where possible. Our ultimate goal is to be flexible and provide excellent, cost competitive customer service in challenging business environment.

This is achieved through management leadership, modern technology, dedicated and qualified staff, as well as vast manufacturing experience and compliance to quality requirements and standards while ensuring the safety of products and to meet legal requirements.

Assel team members are empowered to drive continual improvement in everything they do. This engagement benefits all stakeholders. We will maintain an effective quality management system simultaneously meeting the applicable requirements<sup>1</sup>. We will strive for continuous improvement by systematically monitoring the implementation of the objectives of quality.

On behalf of Management

Przemysław Prolejko
